The Property

A delightful three-storey house presented in superb condition

The house has been thoughtfully renovated in a contemporary style, with recessed lighting throughout and a sophisticated neutral palette. Notable features include the abundance of natural light from the carefully positioned windows and the wooden floors seamlessly flowing between living spaces.

Entertaining Spaces

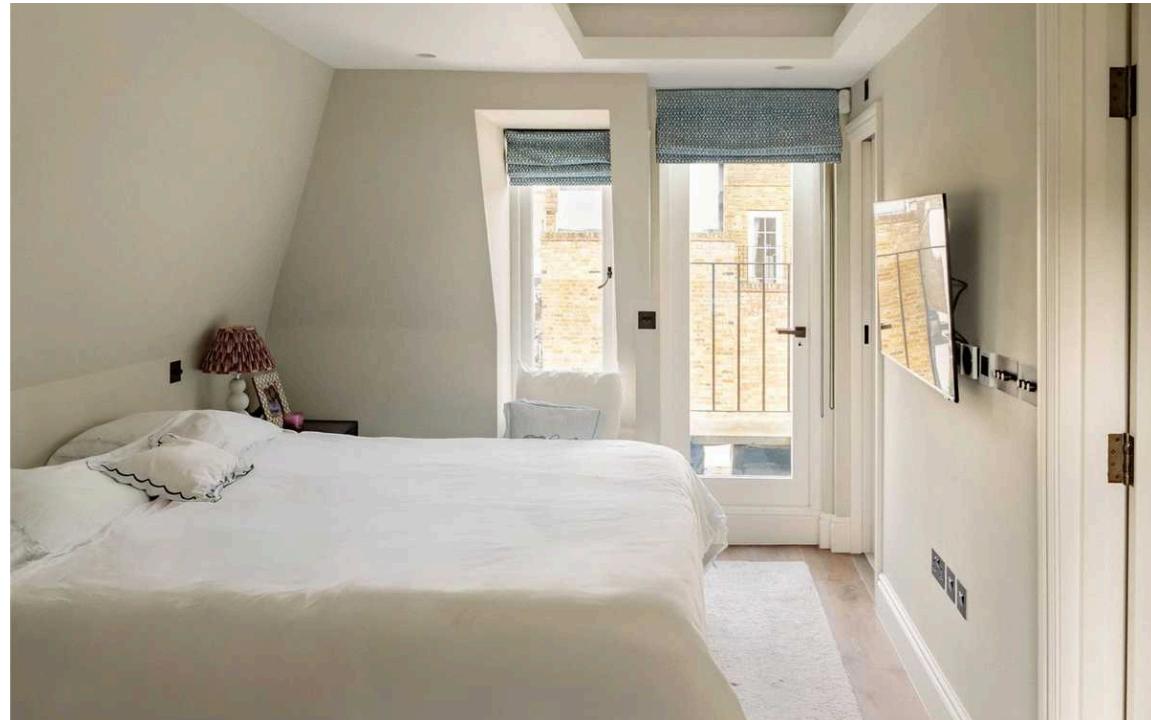

Entering the house on the ground floor, you step into a generous open-plan kitchen, reception and dining room. The reception area features a comfortable seating arrangement positioned by two large windows, creating a bright living space enhanced by a contemporary fireplace. This area flows through to the kitchen, which features contemporary fitted units with dark cabinetry, white countertops, and an induction cooktop with stainless steel range hood. The kitchen includes a central island with bar seating. Beyond is the dining area, from which crittall doors open out onto the patio garden.

The Bedrooms

The first floor features two beautifully proportioned bedrooms, each with extensive built-in wardrobes and inbuilt shelving. Both rooms benefit from moulded cornices and recessed lighting. This level also includes a well-appointed family bathroom. On the second floor, the principal bedroom offers generous proportions with built-in storage and an ensuite bathroom.

The Neighbourhood

Richards Place is a quiet residential address in the heart of Chelsea. This picturesque street is moments away from the King's Road with its upmarket boutiques and many restaurants. The property is within easy reach of Sloane Square station and the open spaces of nearby Chelsea parks, offering the perfect balance of urban sophistication and village charm that defines this most desirable area of London.
